Paul I will never forget the friendship we shared. The loss of you was so unexpected, but knowing the real you, makes me smile knowing you are with your mother and brother. And I look forward to seeing you again in the kingdom of God; for I know that you are with your loved ones are now. The pain of losing you Mother and Brother so recently was so much for you to bear. I know you are now at peace. And want you know that my Mom, Rachael, Brother, Michael and I will do our best to see your father is helped with the Tasks he has to do. I am sure there many people you touched in your short stay here, that love you and will never forget you as I know this is true for me. We had fun in our days and have drifted apart the last few years. But I still have the memories we made and will never forget you and you Family. Thanks for being my friend.
