- ❖ Those who reach touch the stars
- ❖ The most important people in your life are your siblings
- ❖ Always be there for family no matter what
- ❖ Don't worry be happy

She was definitely a classy lady and certainly loved by all. She and your dad were not just friends of my parents; they were family. I will never forget when I was a teenager her instruction to remember to always put makeup on first then dry my hair. I always remember that advice to this day. May she Rest In Peace In unión with Ramoncito, her family, and friends. Gloria del Monte Czerniec

When my grandfather was dying, I was distraught. She spoke with me for a long time and taught me that letting go was most often an unselfish act. That lesson has gotten me through other loses and helped me counsel friends experiencing the same feeling. Thank you Tita
