“ FIRE AND RAIN by James Taylor

Just yesterday morning, they let me know you were gone.
I guess the plans they made put an end to you.
I walked out this morning and I wrote down this song.
I just can't remember who to send it to.

I've seen fire and I've seen rain.
I've seen sunny days that I thought would never end.
I've seen lonely times when I could not find a friend,
but I always thought that I'd see you again.

Won't you look down upon me, Jesus?
You've got to help me make a stand.
You've just got to see me through another day.
My body's aching and my time is at hand,
and I won't make it any other way.

Been walking my mind to an easy time,
my back turned towards the sun.
Lord knows when the cold wind blows
it'll turn your head around.
Well, there's hours of time on the telephone line
to talk about things to come.
Sweet dreams and flying machines
in pieces on the ground.

Oh, I've seen fire and I've seen rain.
I've seen sunny days that I thought would never end.
I've seen lonely times when I could not find a friend.
But I always thought that I'd see you ONE MORE TIME AGAIN.

We love you, John, and we will see you on the other side!
-- From a group of your friends remembering you today and every day

“ John, I received your beautiful gift today. As always, your timing is impeccable. We remain in eternal synchronicity. I guess it's true that, "Sometimes It Snows In April" but I will "always cry for love and never cry for pain". Thank you for all the laughter and smiles. Thank you for always being so perfectly authentic; a quality so rare these days. You will always be with me. With love, "Yo no me llamo Gabriela. Me llamo Gabrielucha". ;)

“ The first time I met you it was clear I was meeting someone special. You had the ability to be open, warm, and incredibly funny along with a vulnerability that together made me want to be your friend.

Although time passed and we drifted apart I'll never forget you.

Wishing all the family and friends who feel the emptiness and sadness will find comfort in their memories and faith.

“ To David, Mireya, Vicki, Carlos, & Little David: We are so sorry for this tremendous and untimely loss. We truly have no words to express our sympathy. We all loved John. To us, he was a part of our family. We are with you during this difficult time and send you much love and all our prayers. May you find comfort in knowing how much he was loved by everyone who crossed paths with him even if it was just for a few minutes. And, also in knowing that his love for Jesus was beyond what many of us would even try to aspire to. He walked every day with God by his side and he had enough faith to spare and to share with the rest of us. Surely, he is in the presence of our Heavenly Father now and he is resting in his loving arms. Please reach out if there is anything we can do at this time or any time. We will never forget. With love,

“ I have loved you for a lifetime. And I will love you forever. Anything good that I am and anything good that I will ever be, will somehow always lead back to you. You were God's gift to me but I was not a good steward. You taught me so much and the only way that I can honor you now, is to try to be as good a person as you were. I will live better, I will love better, and I will remember everything I learned from you. I always thought I'd see you one more time again, but I ran out of time. I ask that you forgive me even though I know I am not worthy. I am not sure how I will ever forgive myself. God, I pray that you knew how much I loved you and how very important you were to me. You were loved by so many. You touched so many lives. Everyone who met you, instantly loved you. I miss you so much already. There is not one thing I touch here in my home that you did not help me pick out and that you did not touch and that you did not place exactly where it still is. Nothing was ever good enough for me if it did not have your stamp of approval. My only comfort at this time are these objects that surround me and remind me of you. What I would do to see you again and hear your laughter one more time? I know you would not have me feel guilty. I know you would not want me to cry for you. So I will be bold and I will be brave and carry on but I will never be the same without you here on this earth. I never thought that our story would end this abruptly, but your handprint has been etched in my heart forevermore. We made so many amazing and fun memories together that I will never, ever tire of telling all of our stories. I will tell them till my dying breath. You deserve that and so much more. I don't know how to say goodbye so I will just say...until we meet again in Heaven, my dear and sweet Johnny Angel!
